

6516209386.txt

I drive a company vehicle 130 thousand miles a year. Timely, up to date traffic and weather is a necessity to me. XM Radio is the absolute best way to get that. I have had my XM Radio for more than a year and gladly pay the monthly subscription. I depend on my XM Radio, and strongly urge you to reject NAB's petition 04-160.

Don Armstrong.
